

## REMARKS

In Palm, this application is incorrectly listed as having a “foreign priority” of PCT/US98/17472. That is in error. The relationship of the present application to PCT/US98/17472 is a relationship under 35 USC section 120, not section 119. It is requested that this be corrected in Palm.

In Palm, this application is incorrectly listed has being a “continuation” of application number 09/381,742. It should be listed as a divisional, due to the USPTO having imposed a Restriction Requirement in parent application number 09/381,742. It is requested that this be corrected in Palm.

In Palm, this application has continuity data showing the parent application 09/381,742 has having been filed on October 13, 1999, but this is in error, as the filing date of the parent application 09/381,742 is August 21, 1998. It is requested that this be corrected in Palm in the continuity data for this application.

Respectfully submitted,

/s/

Carl Oppedahl  
PTO Reg. No. 32746
